Believed Athens Has Already Sent Ultimatum to Germany and Bulgaria.

RESENT 'GUEST' IDEA

Demand for Release of 20,000 Greek Troops Taken From Port of Kavala

London, Sept. 20 (4:20 p. m.)—Reuters Telegram company says it learns that the Greek government has submitted a very urgent note to Germany regarding the removal to Germany of Greek troops from Kavala and demanding that they be released.

Athens, Tuesday, Sept. 19, 12:30 p. m. (via London, Sept. 20, 1:20 p. m., delayed.)—There is reason to believe that the Greek government has sent an ultimatum to Germany and Bulgaria, expiring Wednesday night, demanding the immediate return of the soldiers taken prisoner at Kavala.

When the Greek seaport of Kavala was entered by German and Bulgarian troops the city was garrisoned by the Fourth Greek army corps. According to an official statement issued by Berlin, the entire corps, consisting of 20,000 men, asked the German commander for food and shelter and protection against the entente forces. The statement said that to prevent any breach of neutrality the Greek soldiers would be transported to Germany, to be kept there as guests of the nation.

The German account of the affair differs radically from that given out at the allied capitals and from stories sent out from Athens. The number of soldiers transported to Germany, according to these versions, was less than a thousand, one account placing the total at 70 officers and 800 men. The remainder of the garrison is variously said to have been transported to Saloniki by the French authorities and to be encamped on the island of Thasos. The second dispatch from Athens reported the arrival of some members of the Kavala garrison in the Greek capital, but no numbers were given.

Cause Sensation in Greece.
The incident caused a profound sensation in Greece and the action of the Germans was bitterly denounced by the pro-ally party. Immediately after Premier Katsouris took office, Athens dispatches said, he intended to demand the return of the Greek soldiers from Germany, and that refusal of this demand would be the signal for the entry into the war of Greece on the side of the entente.

WANTS WAR OF
ZEPS AND SUBS

Berlin, Sept. 19, via London, Sept. 20, 7:25 a. m. (Delayed.)—Major Ernst Bassermann, leader of the National Liberal party, in a keynote speech delivered on Monday before his constituents in the Saarbrücken district, declared that the submarine campaign had been postponed and abandoned. Major Bassermann advocated the widest use of both submarine and Zeppelin and the most ruthless methods of warfare.

The liberal leader asserted that his views were shared by Admiral von Tirpitz, Admiral von Koenig, Prince von Buslow and Count Zeppelin. He maintained that "in a struggle where the existence of Germany is at stake the most ruthless use of all possible weapons is called for." This sentiment was heartily applauded by his audience. Submarines and Zeppelins, continued Major Bassermann, were the most effective weapon against "our arch enemy, England."

Referring to the United States, Major Bassermann warned his hearers against trusting for any permanent effect upon American sympathies and the achievements of the Deutschland and other commercial submarines. He warned them, also, not to hope that the present American protests to England would have any greater effect than their predecessors.

No prospects of peace were held out by the speaker. He told his hearers that it would be a delusion to believe that there was any immediate prospect of an end to the war. On the contrary, he said, Germany was facing a more difficult war than at first appeared possible, but nevertheless he saw no reason to doubt ultimate victory.

THE WAR TODAY

Evidence is accumulating that the central powers are now devoting their main attention to putting all possible available men in the field to stop the Russian march on Lemberg by way of Haliex.

Both Berlin and Sofia report the development of a great battle on the line the Russians and Rumanians have taken up in Dobruja. The engagement, they declare, is turning in favor of the central powers.

In Macedonia the Serbians are reported driving the remaining Bulgarians out of Florina and capturing the highest peak in the Kaimakalan range, north of Lake Ostrovo.

Comparative quiet prevails in the Somme region.

Owing to inclement weather fighting on the Somme has been somewhat curtailed, but heavy battles are in progress on the eastern front in Russia, Galicia, Transylvania and Rumania and on the southern front in Macedonia.

On the Stokhod river in Russia, the Teutonic powers have taken the offensive against the Russians and according to Berlin they have taken 2,500 prisoners and many guns. Four lines of Russian trenches were penetrated.

In Galicia, southeast of Lemberg, the Teutons have captured more than 4,000 Russians.

In southern Transylvania Berlin claims the invading Rumanians have been repulsed and are being pursued by the Germans.

Fighting between the Italians and Austrians on the Carso height has greatly diminished. A report from Athens says the Austrians are preparing to evacuate Trieste.

Police Reserves Called Out to Quell Disorder in New York Car Strike.

GOMPERS AT GOTHAM

Business Men Act in Effort to Prevent Walkout of 70,000 Sympathizers.

New York, Sept. 20.—Despite attempted intervention of a committee of business men, there seemed to be little prospect today of averting a general strike in sympathy with the street railway employees. Labor leaders aver that the proposed general walkout will involve about 700,000 workers in all trades.

A second conference of the business men with the mayor and chairman of the public service commission was called today. Union leaders have promised to withhold their order for a sympathetic strike until after Thursday.

The attempt to operate surface cars last night resulted in the worst rioting since the strike began.

Throughout the night elevated and subway trains were subjected to almost ceaseless bombardments of bottles and bricks, car windows being shattered and passengers injured.

Today there were several attacks and police reserves were repeatedly called out.

During the forenoon attacks on surface cars continued intermittently. Police reports today showed the arrests of 20 men declared to be former employees. Fifteen of these are accused of felony in attacks on trains and cars.

Ask Help From Gompers.

With the arrival here today of Samuel Gompers, president of the American Federation of Labor, to attend the funeral of Seth Low, it was learned that the business interests which are endeavoring to avert a sympathetic strike had invited Mr. Gompers to attend their meeting with labor leaders tomorrow. Mr. Gompers held his acceptance of the invitation in abeyance pending talks with union leaders.

Mr. Gompers later announced his acceptance of the citizens' committee's invitation to attend tomorrow's conference. Mayor Mitchell decided today to make a personal appeal to Theodore P. Shonts, president of the Interborough Rapid Transit company and the New York Street Railway, to rescind his reiterated intention of refusing to deal with the strikers.

TEAMS ARE NOSED
IN FOURTH INNING

Boston and Detroit Battling in the Second Game of Crucial Series Navin Field.

Navin Field, Detroit, Sept. 20.—Fighting with their backs to the wall, the Detroit Americans met Boston today in the second game of the crucial series of the season. Victory for Detroit today would put them within two points of Boston, the league leaders. Defeat for Jennings' men would give them only a fighting chance for the pennant.

The batteries were: Ehmske and Stange for Detroit; Leonard and Carrigan for Boston. The umpires were Owens and Evans.

First inning—Boston, 0; Detroit, 0. Detroit took the lead in the second. Crawford singled sharply to center. Heilmann beat out an infield roller to Gardner. Young hit to Hoblitzel, who dropped the ball and then threw wildly to Janvry, who was covering first. Crawford scored, Heilmann took third and Young was safe at first. Heilmann scored on Stange's sacrifice fly to Hooper. Scott cut off Hooper's throw to the plate and threw wildly over first base. Young scored. Ehmske struck out. Vitt singled to left and Bush ended the inning by popping out to Hoblitzel.

WILSON IN FORM
FOR GREAT WORK

President Has New Plan for An Effective Campaign On the Democratic Side.

Long Branch, N. J., Sept. 20.—President Wilson swung into campaign form today. With his plan for discussing public questions before non-partisan organizations, instead of making campaign tours, fully decided upon, he actively took up his political plans.

Administration leaders here predicted that the president would receive Saturday, and on the address he will deliver Monday before the convention of the National Grain Dealers' association. In these two speeches he will outline the reason why he thinks farmers and business men should vote the democratic ticket.

President Wilson and Vance C. McCormick have mapped out a program for meeting the campaign attacks of Mr. Hughes on the railroad eight-hour law.

Asserting that the democrats would show that the president failed before congress a complete program to meet the recently threatened strike by the railway employees, Mr. McCormick said that Mr. Wilson is prepared to urge strongly during the next session of congress the enactment of this program.

When the entire plan of the president is fully understood, the people of the country will join in praising Mr. Wilson, the chairman asserted. The republicans, he declared, seem to ignore everything in the program except the one item passed by congress. Mr. McCormick added that it would be shown clearly how the president plans to minimize the possibility of a repetition of the railroad situation which arose recently.

Suffrage Meet Oct. 19.
Chicago, Sept. 20.—How to gain full suffrage for women of Illinois is to be the main topic of discussion at the forty-eighth annual convention of the Illinois Equal Suffrage association to be held in Springfield, Oct. 19 to 21. The call for the meeting was received today by suffragists throughout the state.

8-HOUR LAW
DEFENDED BY
U.S. SENATOR

Stone of Missouri Shows Up Weakness of Hughes Attacks on President.

ARE AIMED AT LABOR

Attitude of Wilson in Threatened Rail Strike Fine Act of Statesmanship.

Chicago, Sept. 20.—"A word about the so-called eight-hour law as related to railroad operatives," by William J. Stone, United States senator from Missouri, was issued by the western national democratic headquarters today. Accompanying the statement was an assertion that Senator Stone was representing the thought of the administration on the subject. The statement said in part:

"Messrs. Hughes, Roosevelt, Root, Lodge, Penrose, Crane, Pierpont Morgan, George W. Perkins and the entire genus, maintain that the president and congress surrendered to force and thereby discredited public authority and weakened the foundations of our governmental institution. 'One weakness about this charge is that it is false. No body threatened the president or congress; nobody demanded anything of them. There was no controversy between the government and the railroad employees, nor between the government and the railroad managements. The controversy was purely industrial.

"The trouble had reached a point so acute that these hundreds of thousands of men were on the verge of a strike; they were about to quit work and thus leave the entire railroad transportation of the country tied up for an indefinite period."

The statement goes on to point out that while the crisis existed, senators and representatives and members of the administration were receiving communications from all parts of the country indicating that "the public sentiment almost universally favored any reasonable means of averting this catastrophe."

What President Averted.
The senator pointed out the possible effects of a strike on the fruit growers of the far west, on feeders of livestock, farmers shipping grain on contract; manufacturers of steel and textiles under contract to be shipped; on the fuel supply of the country and on the mining and timber industries and their allied interests and dependents.

"These are the things the president faced and which he bravely and bravely, patiently, patriotically sought to avert," Senator Stone continued. "Who blames him? Mr. Hughes says he should have investigated the questions at issue before acting. They seem to think that although the house was on fire, the president should have put out the fire by the use of a bucket. Putting it out, instead of first putting it out and then investigating the cause.

"I can understand this argument when made by men like J. Pierpont Morgan, George W. Perkins and others of that type, but I am amazed that Justice Hughes should adopt it. I am amazed that he would ally himself with Mr. Morgan, a multimillionaire prince of Wall street, maker and wrecker of railroads, lord of the British exchequer in America.

"Is that really the issue Mr. Hughes presents to the judgment of the American people? For myself I proclaim this achievement, considered in its immediate and patent blessings, as one of the greatest in the history of the republic.

Hughes is Hard Driven.
"Mr. Hughes, hard driven, is appealing to powerful special interests. I am sorry to behold this spectacle in our public life.

"I would turn from Morgan, Perkins, Roosevelt, Root, Lodge, Penrose and all such of these who preach these strange doctrines, and ask the great masses of the people whether the president was right. Moreover, when powerful, opulent, sinister, special interests assail the president because of this fine act of Christian statesmanship, I would ask the working men, who with the president must bear the brunt of these attacks, for they are aimed at the great army of labor in this country, what answer they will make."
